

PAC PARENTS AND COMMUNITY FOR FREMONT

Earlier this year on a cold spring night, I spent a sleepless night on the sidewalk in front of Fremont to register my daughter for kindergarten. A friend and I came fully equipped with beach chairs and blankets, gossip magazines and paperwork, all to wait in the dark in hopes of landing our girls a spot in one of the classes. There were times when the wind was so cold that we had to cover our faces with blankets to use our breath as personal space heaters. We giggled and sighed here and there at this crazy situation we had agreed to put ourselves in. Fremont is the best school and we were willing to do whatever it took to guarantee our daughters would be here in the fall. As the sun came up I looked down the sidewalk to see so many faces of other parents and community members who had

also endured the cold night, all hoping for a spot of their own. When I turned in my paperwork and left the school grounds I thought to myself as I drove to work "This school better be worth it!"

Here I am now 7 months later as a proud Fremont parent and new member of PAC that can say it was absolutely 100% worth it! Our family experience here at Fremont has been amazing. We will happily be here for the next seven years doing whatever it takes to contribute to the continued success of this beautiful community. As both full time working parents we were concerned about how we could be involved in our daughter's education and support her school. In joining PAC and contributing to the annual campaign we are able to give the

school what it needs most - funding for basic needs!

So maybe my husband and I can't be there during the day to volunteer in the school. Many of us can't. But we can be involved and we can support our children's school by giving financial support directly to Fremont through PAC'S Annual Campaign. 100% of your contribution goes to the school and you don't even have to spend the night on the sidewalk bundled up under three blankets with a stack of magazines on a beach chair. Please join us in showing your appreciation for a school that is totally worth a sleepless sidewalk campout.

—*Nicholas and Corye Frame*

- I am pleased to support Fremont's 2010–2011 Annual Campaign by making this tax-deductible contribution of
 \$1000 \$500 \$250 \$150 \$100 \$50 \$25 \$10 Other \$ _____
